## Supplemental Educational Training & Assistance

*“Teach a Man to Fish”*

Smart**Start** provides educational referrals & training assistance to individuals who need specific information at pivotal points in their lives. This program is intended to connect people with the right information and educational resources they need to succeed.

We offer a step by step approach to education, and accept people where they are in their lives. Learning becomes part of their life journey to reach specific goals. Education becomes a means to an end, and success is measured by results and not by arbitrary test scores or grades.

Smart**Start** helps people find the educational and training resources they need to continue learning. We utilize existing educational programs and funding support whenever possible. If necessary, we supplement existing programs to help people stay on track. The “right” training at the right time can help land a job, avoid a family crisis, and build a solid foundation toward a better future.

Smart**Start** Provides:

- Information on Existing Educational Resources
- Support, Training and Tutoring When Required
- Counseling & Information on Funding & Grants
- Long-Term Goal Planning and Contact Referrals
- Motivational Encouragement & Emotional Support
- Supplemental Training and Individual Attention

If you do not know how to use it, information is useless. Smart**Start** is a fresh start back into the learning process. Please join us and help us to share both knowledge and wisdom.

  
Love From Above To Our Community
